

A photograph of an elderly man with grey hair, smiling broadly. He is wearing a light blue striped shirt and a white jacket draped over his shoulders. He is holding a small potted plant in a terracotta pot. The background shows a wooden building under construction and a clear blue sky. A large red circle is overlaid on the right side of the image, containing the text.

**How good is your
DFG delivery?
How do you know?**

DFG Analytics is the only independent source of data on the delivery of Disabled Facilities Grants (DFGs) in England. It provides an essential framework to review the efficiency and effectiveness of your services.

How can DFG Analytics help you?

Our service provides affordable, reliable and robust statistical information for you to evaluate your service:

- Are we spending more or less than others?
- How many DFGs are we completing?
- How quickly are we processing applications to approval?
- For every £ spent what social value are we generating?
- What savings are we making for national and local Government as a result?
- How do we compare with meeting Better Care Fund priorities?
- What is my DFG score combining Expenditure, Completions, Operations, and Outcomes?

Our service will ensure that you have access to this information, and are able to use it to help make the correct decision and manage your resources more effectively to deliver better outcomes.

Our data can help you identify new areas of improvement through:

- Comparative data analysis
- Performance measurement
- Establishing value for money outcomes
- Investigating cost effectiveness
- Performing trend analysis
- Providing audit and inspection data
- Management information
- Policy formulation and evaluation

In summary, the key benefits for you and your organisation are:

Data Quality – validated 5 years trend, current and forecast data – accessible online

Effectiveness – inclusion of a new social value output measure

Efficiency – unique rating system and performance dashboards

Accountability – Annual Report of key findings and top performers

Best Practice Sharing – through our Learning & Innovation groups
